

Paper Palm Leaf

Cut this template along the dotted line.

Fold a piece of green construction paper in half and paper clip the template so the dotted line is along the fold.

Cut through the template and both layers of construction paper along the black lines.

Discard the template (unless you want to make more leaves).

Unfold the construction paper to see your finished palm leaf.

Optional: Tape a green pipe cleaner or thin rolled tube of construction paper to the center as a stem.
