COLORING BOOK OF CELTIC LANDS:

CELTIC CROSSES OR "CELTIC HIGH CROSSES"

The origins and meanings of Celtic Crosses are as shrouded in mystery and legend as King Arthur and Camelot. Some people believe the horizontal arms of the cross symbolize the physical world and the vertical arms represent the spiritual world. The four points where the ring and cross meet may celebrate such foursomes as the seasons or significant Celtic festivals. The ring might also represent the sun. What do you think? Archeologists believe that Celtic crosses, whether made of stone or wood, were originally brightly colored,
