

Keep Sam Safe at Home

You may not think about safety around water at home. But there are a lot of ways we use water every day and a lot of reasons we need to be careful. Draw a line to match each of Sam's activities to the sign that says "Safe" or "Not Safe."

- ☐ Leaving baby brother alone in the tub.
- ☐ Splash in a puddle.
- ☐ Wash hair.
- ☐ Touch water that's boiling on the stove.
- ☐ Use a hairdryer in the water.
- ☐ Leave buckets and kiddy pools full of water.
- ☐ Drink a tall glass of water.
