

# ANATOMY OF THE SPINAL CORD

Spinal cord	A	<input type="radio"/>
Cervical enlargement	A1	<input type="radio"/>
Lumbar enlargement	A2	<input type="radio"/>
Conus medullaris	A3	<input type="radio"/>
Filum terminal	A4	<input type="radio"/>
Cervical segment	AC	<input type="radio"/>
Thoracic segment	AT	<input type="radio"/>
Lumbar segment	AL	<input type="radio"/>
Sacral segment	AS	<input type="radio"/>

Gray matter	B	<input type="radio"/>
White matter	C	<input type="radio"/>
Dorsal root	C1	<input type="radio"/>
Ventral root	C2	<input type="radio"/>
Dorsal root ganglion	C3	<input type="radio"/>
Spinal nerve	D	<input type="radio"/>
Pia mater	E	<input type="radio"/>
Arachnoid	F	<input type="radio"/>
Dura mater	G	<input type="radio"/>
Cerebrum	a	<input type="radio"/>
Cerebellum	b	<input type="radio"/>
Occipital bone	c	<input type="radio"/>
Sacrum	d	<input type="radio"/>
Coccyx	e	<input type="radio"/>
