President George Walker Bush addresses the nation from the Oval Office of the White House tonight. Among his statements: "Today, our fellow citizens, our way of life, our very freedom came under attack in a series of deliberate and deadly terrorist acts. Terrorist attacks can shake the foundations of our biggest buildings, but they cannot touch the foundation of America. These acts shatter steel, but they cannot dent the steel of American resolve," and "The search is underway for those who are behind these evil acts...we will make no distinction between the terrorists who committed these acts and those who harbor them." President Bush and America will begin a campaign against the Taliban and the Al Qaeda terrorist network. America will find those responsible and punish them.
