

Instructions

Print the 8 copies of the above cards. Cut apart the cards and mix them up in a pile. Deal each player three cards. Each player takes a turn. On their turn they can lay down a card in their sequence pile as long as they place them in order. If they do not have a card to lay down, they must draw a card and then discard a card. The next player can either draw a card or pick up the top card from the discard pile. The first player to lay all the froggy cards in order is the winner.
