

Butterfly Mask

To make your mask: Glue this printed page to the side of a recycled cereal box. After the glue dries, cut out the butterfly. Cut out the eye holes along the dotted lines. Decorate your mask with crayons, markers, glitter glue, feathers, or other craft supplies. Make sure to add antennae on top of the butterfly's head.

To wear: Glue a recycled paper towel roll to the back of your mask as a handle, or poke holes in the side of the mask and tie pieces of string or yarn to fit around your head.
