I love YOU

I woot going to stand here and say I love you. because personally I dow't know if I even know what love feels like. So I II say that I can t stop thinking about you.

I always feel like I should be holding your band when I in walking down a sidewalk. I keep setting another table place setting in dinner because I don t want to eat without you. I wake up every morning wondering if you are

woudering about me. I sleep wishing I m in your dreams lonight. I take an extra 5 minutes in my usual 7 minute prayer to beg God to guide you through the day salety.

I no longer like being left alone. I keep searching for you anywhere possible even though I know you can t be bere. <u>So if</u> that s love, so be

I we be love with were totally loude marily
